

She works with others to encourage responsible dog ownership (having well behaved dogs, and picking up after them) and to create more off-leash open space for people to recreate with their canine companions.

“With all the above, she finds time to continue to ski, bicycle, hike and with one month before her 50th birthday she took up rock climbing.”

Polly Hart

By, Richard Starley

Polly was born in the Chicago suburbs and went to college in upstate New York. She lived in New York City for eight years after college making jewelry and working for three years at Sotheby’s Art Auction House in the Old Master Paintings Department. She worked in preservation but it was and continues to be a difficult living, so she went back to making jewelry.

Sports woman that she is, Polly moved to Utah in 1990 to be a ski bum, after all, she learned when she was four, encouraged because her family always took ski vacations out west.

Polly decided to get a Masters Degree in Architectural Design, but she quickly decided that historic preservation was much more interesting and she got her Maters at the University of Utah in 1997.

In case you thought that historic buildings were the only thing in her life, let me add that she rescued her first dog in 1997. She is a member and director of Millcreek FIDOS (Friends Interested In Dogs and O Space) from 2001 to the present.

Polly became involved with community council when Watts decided to develop the parcel on Almond Street. She ran for City Council in 1997 and 2001, but narrowly lost both races. She served on the SLC Redevelopment Advisory Committee from 1998-2007 and has served on the Historic Landmarks Commission from 2008 to the present.

With all the above, she finds time to continue to ski, bicycle, hike and with one month before her 50th birthday she took up rock climbing.

Wow!

Post Script:

Polly’s modest sketch failed to note that Mayor Corroon, recognizing her talent, asked her to work on the County Blue Ribbon FCOZ Committee. I’m not surprised! She has worked long and hard for CHNC in most positions from Chair on down. She’s intelligent, hard working and dedicated. I know...she enriches my CHNCV service still. KG

Report from the July 2012 CHNC Meeting

by Dean Larsen

Tony from the SLC Police Dept. reported that the Memory Grove arsonist is now in custody. He set some fires last summer.

This year his arson attempt fortunately fizzled. Also reported was a recent spike in car thefts (67% increase) in our general area. The SW section of the avenues has been hit the hardest.

Joyce Valdez from the Mayor's office advised that a pilot glass recycling project will soon begin in some areas of the City with a \$6.00 per month charge.

The City Clean Air Challenge is beginning its month long competition. We were advised that the sprinklers in Warm Springs Park have been repaired

and that the fire danger is still very high.

The fire department reported that our Fire Station # 2 will be finished in a little more than two months. The Department is teaching CPR blitz classes. Public can register. Call 799fire for information. Also check slcfire.com for restricted fire areas.

Paul Hanks asked for the Council's support of his plan to renovate his deteriorating garage and extend it's size three feet west and three feet south and also to legalize in his home the lower level apartment, which has been there for about 40 years. The Council unanimously approved his request.

UDOT traffic operation's engineer for District 2, Robert Mills, stated that UDOT will do a speed and traffic study on Victory Road after school begins.

He also advised that there are no planned improvements for 5th North at this time.

See you at the next meeting on September 19th. There is no meeting in August.

Everyone is Invited:

Capitol Hill Neighborhood Council Meeting

State Capitol Senate Building Copper Room
September 19th 2012, 6:30 pm

Neighborhood Council Meeting:

- Welcome by Chair
- Mobile Watch Report, Georg Stutzenberger

Thoughts from the Chair: August 2012

By Katherine Gardner

Our trustees have been asked to identify any CHNC needs that might benefit the area with help from a CDBG Grant. The trustees have the basic information; Erlinda is the noble leader. They will meet August 8, 2012 at 5:30 pm at my house- 606 DeSoto Street. Feel free to join us and/or send your idea with your trustee.

Jim Hansen, on Columbus, has built a good looking wall in front of his house with some very attractive trees. Nice addition Jim!

I saw a familiar face among the ads last week. There was Alan Schultz enjoying shopping with the Grocery Guru. He can probably point all of us toward some bargains.

Big shout out to Roger Crandall. Again he has created a miracle when he and his hardworking committee completed our areas 24th parade float. Thanks Roger, marvelous job!

No agenda and no meeting until September 19th. See you then at 6:30 in the Copper Room as usual. This gives you time to enjoy those clouds blown up here from the monsoon area in July and August. They are beautiful and sometimes comfort all of us with rain...

Katherine
